Production Credit Office Moved

Loans Now Being Made For Farm Purpose, Through L cal Offices

The Farmville and Lynchburg production credit associations at a joint meeting of the boards of directors of the two associations voted to consolidate.

The new organization which is sponsored and supervised by the farm credit administration, will be known as the Farmville Production Credit Association with its principal office at Farmville. This office will now serve the counties of Amelia, Appomattox, Amherst, Buckingham, Charlotte, Cumberland, Nottaway, and Prince Edward.

The following officers and directors were elected for a term of one year: president, H. E. Boswell, of Prince Edward county; vice president, J. Bixby Davis of Amherst county; C. J. Hunt of Charlotte county and Frank Baber of Cumberland county. G. A. Anderson, of Amelia county as directors.

J. M. Sprouse was elected secretary and treasurer and W. R. Butcher assistent secretary and treasurer.

The new association will virtually covers the entire dark tobacco belt and too a great extent supplants the operations of the emergency crop loan. W. S. Green, field representative of the Federal farm mortgage corporation, of Baltimore, the parent organization, disclosed the fact that borrowers are expected to secure their loans through the production credit, if eligible. In this manner the farmers may establish themself on a sound credit basis and in addition strengthen this new cooperative credit system which is farmer owned and operated.

This organization has established a representative in each county through whom applicants may deal with the head office. All the business may now be handled locally and eliminates the necessity of going to the association's headquarters.

Loans are now being made for farm agricultural purposes, including the harvesting of crops, breeding, raising and fattening of livestock; production of poultry and livestock products.

4-H Club Meets

The Oakville 4-H club met at the school on March 26. In the absence of the president, the meeting was in charge of the vice president, Lathan Harvey.

There were 12 members present. Mr. Farmer, the county club agent, gave out the record books for the projects. Poultry record is the only new project.

The club adjourned to meet again in April 9, at 11:15 A. M. It was decided to hold a social April 12, in the school.

"Why I Prefer Leather Gloves"

BY MRS. ALFRED WAGSTAFF III.
Prominent New York society leader and fashion authority.

I lead a perhaps more active out-door life than most New Yorkers. Sports are my extra curriculum—informal parties, yes—theatre—luncheons—and all the rest of it. But the country is my metier. I am happier in tweeds than in a cocktail dress.

Being a sports enthusiast, the sporting calendar is my bible. When there's good hunting in Aiken, I try to arrange my affairs so that I can steal off for at least two weeks and go down. When there is golf at White Sulphur, I usually manage to get in a week of it, somehow or other. Florida in January lures me for at least two weeks. Winter sports come in for their share and wiched in between Florida and long summers in the country.

Leather is almost synonymous with sports. In the hunting field, we say good horses, good fellowship, and good leather. Nothing is so durable, nothing can take as much punishment, and nothing is in as good taste with sports clothes—whether it be a simple resort frock or a riding habit. I drive my own car a lot. I can't imagine driving in anything but this type of gloves.

I find that they hold their shape better, last longer, wear better. There is no place in my wardrobe for frills or ruffles.

For evening, I have always worn the glace kid, usually in an eight or ten-button length—sometimes at extremely formal affairs in a sixteen-button length.

It is my opinion that if you wear leather gloves you are always assured that you are utterly correct—no matter what the occasion.

CANDIDATES CARDS

I wish to announce myself a candidate for State Senator from the Eleventh senatorial district of Virginia, comprising the counties of Appomattox, Buckingham, Charlotte and Cumberland, subject to the Democratic primary of August 6, and solicit the support of the people in the district and look to the opportunity of seeing you personally during the campaign.

Respectfully,
CHAS. T. MOSES

To the Voters of Appomattox, Buckingham, Cumberland and Charlotte counties constituting the Eleventh State Senatorial District of Virginia:

After mature consideration, I have decided to become a candidate for the office of State Senator from the Eleventh Senatorial District of Virginia, and hereby announce that I am a candidate for this office, subject to the Democratic Primary to be held on the sixth day of August, 1935.

It is not my idea to solicit your vote, but if elected I shall endeavor to serve you as you want. I will be able to do for you if I am nominated and elected. I do promise, however, that if I am successful, I will impartially represent all the counties composing the district. I realize that no candidate is entitled to support unless he proposes to serve his district faithfully, honestly and to the best of his ability, and you can depend on my rendering this kind of service to our district if nominated and elected.

I will appreciate the support of the voters of the District and, if honored with it, will do by best to merit their confidence.

J. KENT EARLY.

Watch it bubble up, then drink it. You will be amazed at the almost instant relief.

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

After trying many brands of medicine—so-called relief for gas and them a failure—I gives up in despair. By chance I tried Alka-Seltzer. I am more than satisfied.—Geo. Bennett, New York, N. Y.

The dedicatory sermon was preached by Rev. T. J Taylor, who served as pastor in 1876. The afternoon service was held by Rev. P M Bell, who was pastor from 1897 to 1899. Rev. Murphy served as pastor from 1905 through 1908. He was succeeded by the following in order:

Nervous people often suffer from Indigestion. There may be absolutely nothing wrong with the organs of digestion, but the Nerves are not on the job to make the organs do their work properly.
